

談資訊超載對圖書資訊專業的影響

蘇媛

輔仁大學圖書資訊學系副教授

【摘要】

隨著網路時代的來臨，資訊超載已成為現代社會中的主要問題之一，本文以文獻分析法探討資訊超載的相關定義與觀念；此問題與圖書資訊專業的關係；並且對於館員應如何協助資訊使用者應付資訊超載問題加以討論。

With the influence of new technologies, information overload began to be referred to as a major problem in today's society. This paper reviews the concepts of information overload, its relevance to the library and information profession, and considers the possible ways librarians can utilize to help users cope with information overload.
